FROM YOUR EDITOR

As we set our sails for new adventures in life  
May our voyages be free of storm and strife.  
To you now this may seem just a mere book  
But its value ascends, when years force you  
To backward look  
When from these pleasures and experiences  
You depart  
We hope these memoirs will keep them close  
To your heart

Talmadge Edwards

## DEDICATION

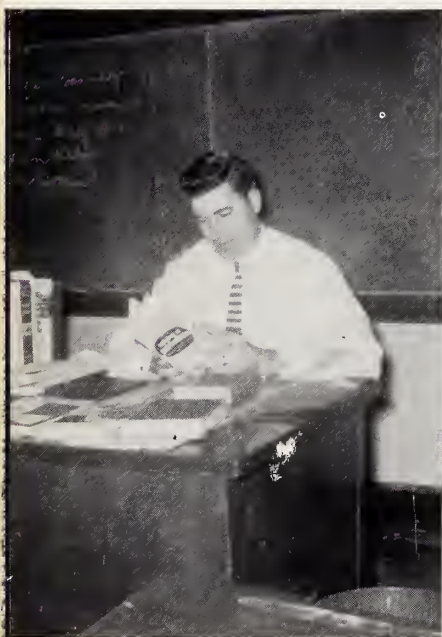

As we go about every day, taking for granted what we have and what we have attained, we seldom stop to thank the people who played the biggest role in making us what we are. The ones who endured the greatest hardships and gave up their own time and pleasures to make sure we were happy are the ones who receive the least credit. We would like to atone for this thoughtlessness if possible by dedicating the 1956 Franoca to the parents of the students of Franklinton High School.

# CLASS SONG

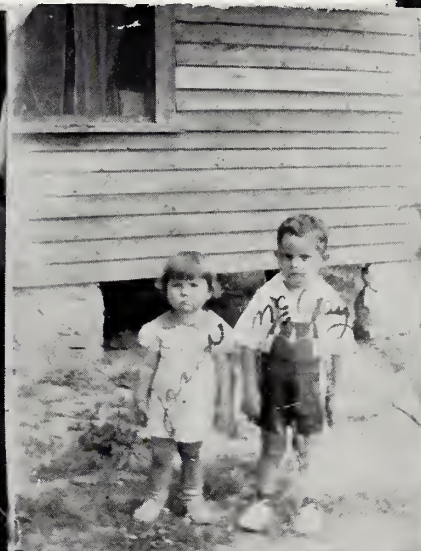

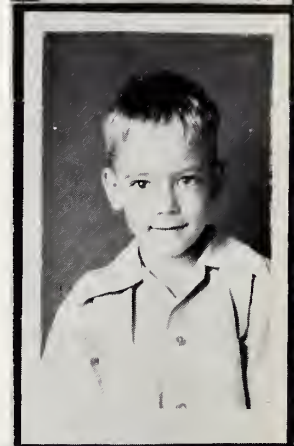

(Moments to remember)

The time has come, for friends to part;  
But memories bright will warm our hearts.  
We will have these moments to remember.

The many priceless hours we shared,  
The harmless escapades we dared,  
These will be our moments we remember.

When sunrise turns to sunset  
And roads of life unfold,  
May faith and courage guide our step  
And lead us to our goal.

The road of life is wide and long  
And as we go we'll sing our song  
Of happy moments we remember.

William, remember when I told you that you  
looked like Jeffery Hunter? You still do. I hope I  
didn't scare you too much that day in the 8th  
grade. (You know.) Being your gal in the Jr. Play  
was a real fun. I think of you even more as  
a "Brain" since that great production. You're a  
sweet guy. (That red head is lucky!) Take it  
easy and remember <sup>me</sup> sweetly. Love always,

Francis

William, a very nice boy,  
even though you really fouled  
up my annual. Don't break all  
those girls' hearts in Epew!  
As always,  
Jill

I think of a guy with  
heavy feet and a light  
head. I'll remember you  
I've enjoyed being in  
English with you for  
felt I wasn't the only  
lame brain there.  
Romy

To the crazy-  
living in the world  
in the 8th grade

mean that
